The Professional's Choice

USED BY PROFESSIONALS FOR OVER 50 YEARS

Irontite Coolant Stop Leak Additives, Sealers & Flush

All Weather Seal

468-9130-16

- Pour-and-Go Formula **does not require flushing of coolant mixture.**
- Stops Coolant Leaks in Minutes.
- Stops Head/Intake gaskets, radiator and all other coolant system leaks.
- Permanently blends with all coolants to stop existing and future leaks.
- **Will not clog heater cores.**
- Micro fibers stops leaks at their source.
- Ideal for Stationary Engines, Automotive, HD Truck, Construction/Mining Equipment, Farm/Fleets.

Thoro- Flush

468-9110-16

- Opens and cleans out plugged heater cores.
- Clears out gelled Dex-Cool with a simple flush.
- Diesel Oil cooler failure, cleans cooling system in single flush.
- Cleans dirty fuel tanks including Bio-Fuels, Ethanol Residue, Rust and Scale.
- Use before installing a new fuel pump to prevent premature pump failure and warranty claims.
- Safe for use on cast iron, aluminum, brass or plastic.
- For improved coolant flow and temperature control, always flush with Thoro-Flush for the best possible results.

Ceramic Motor Seal

468-9120-16

- The Performance Enthusiast and Racer's Choice.
- Seals head and intake gaskets, cylinder heads and blocks, cast iron or aluminum.
- Creates a solid ceramic coating through the entire coolant system to permanently seal.
- Seals castings and improves heat dissipation for improved flow and power.
- Mix with water only. 3 step process.
- **Do Not** mix with antifreeze.
